- Email : parmarvedan377@gmail.com
- Address : Laxminarayan temple, chhani,vadodara

Objective

Seeking challenging opportunity with an organization where I can utilize my technical skills. I want to contribute to the organization with hard work, sincerity, patience & dedication

Experience

- **DET**
Hitachi Enrgy (formally known as ABB)(2/2022-/02/2024) (2 year)
 - Lead a small team for various production tasks for transformer manufacturing.
 - Manage the ECS (Enterprise Connectivity Solution) system for efficient workflow and data management.
 - Check the quality of transformer winding after demolding and communicate any
 - issues to the design team for deviation.
 - Ensure coil dimensions are accurate and compliant with technical drawings.
 - The SAP Software can be used for the system work.
 - Inspected materials prior to production to ensure authority and quality.
- **Quality engineer**
Atlas Transformers india limited 1 year 8 month
 - Utilize digital vernier calipers, inner/outer calipers, and pro levels for precise measurements and quality control.
 - Conducted quality audits for the transformer winding department at Atlas Transformer Limited.
 - Ensured winding accuracy, proper insulation, and tight tolerances according to engineering drawings.
 - Reduced rework by identifying winding errors early in the production cycle.
 - Used precision instruments to check turns ratio, resistance, and insulation thickness

Education

Course / Degree	School / University	Grade / Score	Year
Diploma in Electrical Engineer	Butler polytechnic	5.97	Sep 2021
BE in Electrical Engineer	RKDF University	6.66	June 2024

Skills

- Job card observation
- Aesthetically T/R coil checking
- ECS management (Enterprise connectivity solution)
- SQDIC mangement

- Microsoft office
- 7QC tools

Interests

- Interested in exploring new opportunities to grow myself both mentally as well as physically. I also like to play cricket
