## CAREER SUMMARY

Detailed Oriented Mechanical Engineer and current MBA student specializing in Logistics and Supply Chain Management. Proficient in data analysis and technical tools including Python, R, SAP and AutoCAD. Demonstrated expertise in optimizing workflows through the application of Six Sigma methodologies and ERP systems like UDM. Combines technical expertise with practical experience in inventory management to deliver data-driven supply chain solutions.

## EXPERTISE

Supply Chain Management | Logistics Operations (I/O) | WMS | SAP ERP & UDM | Six Sigma and Lean | Inventory Management | 5S Protocol | KANBAN | Data Analysis (Python, R) | Quality Assurance | Project Coordination | CRM and Vendor Management

## TECHNICAL SKILLS

ERP & Logistics: SAP, WMS, ERP-UDM, RFID, CRM Systems | Data Analysis: MS Excel, R, Python, AI/ML | Methodologies: Six Sigma, 5S+2, KANBAN, VSM | Technical Tools: AutoCAD, CAD/CAM, Simulation Tools

## EXPERIENCE

**INTERN-LOGISTICS AND OPERATIONS | DSV Solutions | Gurgaon, HR** May 2025 – July 2025

- Managed end-to-end Inbound and outbound logistics operations using WMS and SAP, ensuring on time delivery and maintaining cargo condition standards.
- Executed precise inventory control by performing regular stock audits using RFID scanners and checklists to maintain high inventory accuracy.
- Streamlined order fulfillment processes including picking, packaging, labeling, and quality checks to support operational efficiency.
- Applied Six Sigma methodologies to analyze warehouse workflows, identifying bottlenecks that reduced idle time and improved employee efficiency.
- Implemented 5S+2 protocols within the warehouse, significantly enhancing safety standards, organization and team morale.

**JUNIOR MAINTENANCE ENGINEER | Atlas Constructions. | Dahod, GJ** Sep 2023 – Jun 2024

- Orchestrated the transportation and distribution of construction materials across multiple sites, ensuring timely availability for project milestones.
- Collaborated with logistics teams to optimize material handling processes, successfully reducing operational idle time.
- Ensured strict compliance with safety regulations by conducting regular site briefings and maintaining diagnostic checklists.
- Utilized MS Excel for tracking inventory and logistics schedules, improving data visibility for site management.

**SALES AND CUSTOMER SERVICE EXECUTIVE | President Hyundai | Dahod, GJ** May 2023 – Aug 2023

- Managed the full sales lifecycle from lead generation to negotiation, utilizing CRM systems to track customer interactions and close deals.
- Developed data driven sales presentations and technical product demonstration effectively communicating value propositions to diverse customers.
- Analyzed sales data using MS Excel to monitor performance and identify trends for future promotional campaigns.

**INTERN-ROLLING STOCK WORKSHOP | Indian Railways | Dahod, GJ** Feb 2023 – Apr 2023

- Gained hands-on-experience with ERP-UDM (User Depot Module) for managing warehouse operations and spare parts inventory.
- Performed technical inspections and fault identification on locomotives and rolling stock using precision measuring gauges and diagnostic equipment,
- Assisted in overhaul of mechanical systems, recommending corrective measures to ensure operational reliability.

## EDUCATION

**MASTER'S DEGREE | Logistics and Supply Chain Management | Gati Shakti Vishwavidyalaya** 2024 – 2026

**BACHELOR'S DEGREE | Mechanical Engineering | Gujarat Technological University** 2019 – 2023

## ACHIEVEMENTS

- 3<sup>rd</sup> runner-up District level Chess at Khel Mahakumbh.
- Volunteering and Community engagement through Scouts and Guides.
