Objective

I am currently pursuing Mechanical Engineering with the goal of acquiring huge experience and advancement in Mechanical and Real World environment.

Experience

- **KEVIN PROCESS TECHNOLOGIES PVT LTD** April 24 - Present
Jr Design Engineer
 - Design and develop mechanical machines, components, and mechanisms using CAD software
 - Perform engineering analysis and simulations to validate design performance.
 - Create detailed engineering drawings, assembly layouts, and bill of materials (BOMs).
 - Identify complex design problems, conduct root-cause failure analyses, and anticipate production issues
 - Assisted senior engineers in CAD modeling and layout design for production lines.
 - Create technical drawings, specifications, and documentation.
- **PARLE ELIZABETH TOOLS PVT LTD** Jan 24 - April 24
Internship
 - During this internship I learn about manufacturing of tablet press machine and how to assemble it.
- **MECHTECH PVT LTD** July 23 - Aug 23
Internship
 - Assist in implementing Lean principles and methodologies to enhance efficiency and reduce waste. Work closely with mentors and team members to enhance understanding of Lean practices.

Education

- **LJ INSTITUTE OF ENGINEERING AND TECHNOLOGY** 2021-24
BE in Mechanical Engineering
CGPA - 8.60
- **LJ POLYTECHNIC** 2018-21
Diploma in Mechanical Engineering
CGPA - 9.47
- **GLOBAL INTERNATIONAL SCHOOL** 2017-18
SSC
Percentage - 64

Skills

- Solid Edge
- Solid Works
- AutoCAD
- Geometric Dimensioning and Tolerancing (GD&T)
- Technical Documentation and Drawing
- Project Management
- Communication
- Problem-Solving
- Continuous Improvement
- Teamwork and Collaboration

Languages

- Gujarati, Hindi, English

Personal Details

- Date of Birth : Oct 21,2002
Gander : Male
Place : Ahmedabad
