WORK EXPERIENCE

NOVEMBER 2019 – Present,**Current designation :- Project engineer****BE in mechanical engineering and having 3.4 years of industrial experiences.**

Key expertise areas include:

Quality	Personal	Extra
Documentation	Positive attitude towards work	Electrical & Mechanical testing
Internal Audit		Kaizen & QC Tools
Preparing QAP		Manpower handling
		Microsoft word & Microsoft excel
Inspection at our vendor's works & Our shop works (Electrical, fabrication, machining, etc.)		AutoCAD Design
Customer inspection		Outsourcing
Internal quality monitoring & control		
Quality training to shop contractors		
Instruments Knowledge venire, micrometer, TPG/Screw gauges, height gauge, depth gauge, radius and welding gauges etc.		

Production Engineer :-

- Lead a group of 10 labours efficiently to meet the monthly production targets with minimum defects.
- Improvised material procurement process by making it lean without affecting the minimum inventory.
- Managed the process of timely creation and submission of inspection documents to the stakeholders.
- Oversaw calibration of process instruments, gauges & fixtures as per the plan to ensure high quality.

Manufacturing and Testing :-

- Transformer tank fabrication up to 200 MVA
- Transformer accessories (Roller assay, End frame) up to 500 MVA
- .Stator frame, generator, motor fabrication.

K.C.S Engineering Works PVT LTD, Bhopal**NOV 2018 – SEP 2018**

Quality Engineer :-

- Incoming Inspection of CNC components.
- In process Inspection of job and correlate to Approved drawing.
- Implementing the suggestions in the quality improvement.
- Inspection as per customer Approved Quality plan& standards.
- Supervising the each stage of manufacturing and giving suggestions.
- Implementing the suggestions in the quality improvement.

Production Engineer :-

- Lead a group of 05 labours efficiently to meet the monthly production targets with minimum defects.
- Improved material procurement process by making it lean without affecting the minimum inventory.
- Managed the process of timely creation and submission of inspection documents to the stakeholders.
- Oversaw calibration of process instruments, gauges & fixtures as per the plan to ensure high quality.
- Recognized by Production Manager for dedicated efforts and improvising the production efficiency.

Manufacturing :-

- Shaft, threading bolt and threading nut etc.
- Manufacturing different types of Nuts, Bolts, Screws, Rivets, washers, Industrial Fasteners and Bright steel bars, and other Products.

Training :-

- In TBEA Energy India (Pvt) Ltd. Attend training based on improvement of quality.
- TBEA Energy India (Pvt) Ltd. Organise training based on improvement of painting quality.
- In Work as a inspection engineer in Tenova India PVT LTD.(10 Aug 19 to 19 Aug 2019)

EDUCATION AND QUALIFICATIONS

- **2014-2018: B.E. (Mechanical Engineering)** from Mahatma Gandhi Vidyapeeth Institute of Management & Technology.
 - **2014: Higher Secondary, Class 12th** from **SVM** (Raisen), Board MP (**MADHYA PRADESH**), (**53%**).
 - **2012: High School Class 10th** from **SVM** (Raisen), Board MP (**MADHYA PRADESH**), (**70%**).
