Objective

”To work in a challenging environment that requires the utilization of all my skills, while also adapting proficiently across various fields, contributing to the organizational development with consistently impressive performance.”

Education

- **B.Tech. Mechanical Engineering (2022–2026)** – R. C. Patel Institute Of Technology, Shirpur
CGPA: 7.14
- **HSC (2021–2022)** – G. T. Patil Arts, Commerce & Science College, Nandurbar
Percentage: 81.50
- **SSC (2019–2020)** – S. A. Mission English Medium High School, Nandurbar
Percentage: 79.60

Projects

- **Fingerprint Lock Sensor using Arduino** – Developed secure biometric lock system using Arduino microcontroller and fingerprint sensor. Authenticates users by comparing scanned fingerprints with stored data, enabling access only for authorized individuals.
- **Smart Blind Stick with GPS Navigation** – Designed and developed a walking aid for visually impaired individuals integrating GPS for real-time navigation, ultrasonic sensors for obstacle detection, and vibration alerts for safe and independent mobility.
- **Firefighting Drone** – Working on the design and development of a firefighting drone capable of detecting and extinguishing fires in hazardous areas, integrating thermal sensors and autonomous navigation.

Internship

- **Sales Intern — Iconmov Technologies Pvt. Ltd., Pune (January 2026– Present)**
Assisted the sales department in preparing quotations, managing inventory data, and handling customer records using Zoho CRM and Zoho Inventory. Supported the sales team in documentation, order processing, and maintaining client communication while gaining practical exposure to sales operations and business management.

Leadership & Extracurricular Activities

- **Volunteer NSS** – Organized social awareness and environmental programs.
- **Tech Expo Organizer, RCPIT** – Coordinated technical events and guided participants in project exhibitions.
- **Participation:** Internal Smart India Hackathon 2023, Converges 2k25 (Technical Event Organizer), IDE Boot Camp Phase II(StartUp Program)

Certifications

- Autocad: 2D and 3D
- Solidworks
- CATIA V5
- Fusion 360

Technical Skills and Interests

- **CAD & 3D Modeling:** AutoCAD (2D Drafting), CATIA V5 (Part Modeling), Solidworks
- **Soft Skills:** Teamwork, Time Management, Leadership, Multi-tasking
- **Other Tools:** Microsoft Excel, Microsoft PowerPoint, Microsoft Word
- **Languages:** English, Marathi, Hindi, Japanese (Beginner)
