Commitment to Continual Improvement Rewarded with Gold

AIIFA Steelex 2025 – The Steel MAHAKUMBH

AIIFA Steelex 2025 – The Steel MAHAKUMBH is a landmark gathering of our entire steel sector in India and neighboring countries.

The aim of this MAHAKUMBH is to recognize the relentless efforts of our members and to chart a sustainable and progressive path for the industry.

This year's theme, "One Industry, One Destination," symbolizes our unity and determination to build a stronger, more resilient future together.

We are proud that this MAHAKUMBH has been blessed by the Ministry of Steel and the Government of India, making it a truly historic occasion for our fraternity.

As we come together under one roof, we must also raise our voice for a level playing field, with necessary GST and BIS amendments that can drive growth and fairness in our sector. With steel manufacturers, thought leaders, and policymakers participating, I am confident this event will become a milestone in shaping a brighter future for generations ahead.

Let us stand united and showcase the strength of our industry at this Steel MAHAKUMBH

The Management
Transformers & Rectifiers Pvt. Ltd.
Ahmedabad

Subject: Appreciation for providing Valuable Technical Support and Expertise

Dear Sir/Madam,
On behalf of the Department of Electrical Engineering, L.D. College of Engineering, we extend our sincere appreciation to Transformers & Rectifiers Pvt. Ltd. for deputed your skilled and dedicated team to our department for carrying out crucial maintenance and overhauling activities. Your team successfully executed the following works with commendable professionalism and expertise:

- Maintenance and overhauling of the 100 kV Transformer
- Maintenance of the Impulse Generator and its Panel Wiring
- Establishment of a new setup for Flashover Testing of Insulators
- Repairing of the 10 kV Solid Insulator Tester

We are pleased to acknowledge the efforts of the following team members:

- Mr. Harsh Hirpara – Manager, Testing
- Mr. Yagnesh Patel – Assistant Manager, Testing
- Mr. Kashish Patel – Trainee, Testing
- Mr. Satyam Ramannuj – Testing Technician
- Mr. Mukesh Prajapati – Assistant Manager, Service Department
- Mr. Shailesh Panchal – Engineer, Panel Wiring Department

Their technical knowledge, dedication, and teamwork ensured smooth completion of all activities within the planned timeframe.

We also extend our heartfelt thanks to Mr. Aniruddhsinh Zala – General Manager and Mrs. Prabha Hariprasad – General Manager, Testing Department for their valuable guidance and support in facilitating this work.

The collaboration between Transformers & Rectifiers Pvt. Ltd. and the Department of Electrical Engineering, L.D. College of Engineering has been extremely fruitful, and we look forward to such continued associations in the future. We are obliged by your immense contribution that has revamped the High Voltage Engineering laboratory which in turn will illuminate the students who would get exposure of such facility in the department during their study.

Once again, we sincerely appreciate your outstanding services and support.

Sincerely,
Prof (Dr) K P Badguleri
HOD, Department of Electrical Engineering
L.D. College of Engineering
Ahmedabad

PROFESSOR & HEAD
ELECTRICAL ENGG. DEPTT.
L.D. COLLEGE OF ENGINEERING
Ahmedabad

As part of Industry Academia Partnership, TARIL Team has visiting L.D. College and as per their request, Team TARIL has revamped their Testing Simulation Lab so that students can perform various test to learn and understand HV Testing. L.D. College has appreciated our efforts.

EMPLOYEES OF THE QUARTER Q1 - 2025

At TARIL, recognizing good work is an important part of how we grow together.

For Quarter 1 (April–June 2025), 16 employees received the Employee of the Quarter Award for their consistent performance and contribution.

Through such initiatives, we aim to build a workplace where efforts are noticed, achievements are valued, and every contribution matters!

The Power Transformer Testing Summit

The Power Transformer Testing Summit was held in September 2025, bringing together industry leaders, clients, and experts to discuss the latest advancements in transformer testing technologies and practices.

TARIL was honored to be invited to share our insights on enhancing transformer performance and reliability through cutting-edge testing methodologies.

In the photograph, our CTO, Mr. Anirudhdhsinh Jhala sharing the dais with the Managing Director of GETCO, Director of ERDA, and other distinguished dignitaries.
