Objective

Seeking a challenging position in transformer industry where I can utilize my experience to contribute to the success of the company."

Experience

- Organization: Technical Associate Transformers Limited, Uttarakhand** 17 August 2024 - 05 September 2025
Tender Department
Department : Contract execution
Job Role:-
 1. Coordinate with customers and third-party inspection agencies (TPIs) for scheduling inspection visits
 2. Liaise with internal departments (Production, Quality, Testing, Design) to ensure readiness of material for inspection
 3. Prepare inspection calls, follow-ups, and documentation as per contract terms
 4. Maintain inspection schedules, trackers, and generate status reports
 5. Ensure inspections align with board specifications and technical standards
 6. Communicate inspection outcomes and resolve any non-conformities promptly
 7. Assist Marketing/Sales team in preparing dispatch documents post-inspection
 8. Foster strong relationships with customers and inspectors to encourage repeat business
 9. MOM preparation and sample testing documents preparation for NABL/ERDA
- Organization : IMP Powers limited, Silvassa** 10 September 2025 - Present
Department : Electrical Design
Designation : Trainee Electrical Design
Job Role:-
 1. Prepared detailed technical specifications in compliance with tender and customer requirements.
 2. Prepared transformer GTP and standard GTP in line with IS/IEC standards and tender requirements.
 3. Back Calculation and basic calculations
 4. Prepared detailed costing and estimation for transformers and spare parts.
 5. Responsible for enquiry generation of OLTC NIFPES

Interest

- To work in transformer electrical design and enhance my technical skills while contributing to efficient and reliable transformer solutions.

Education

- Nezamia Public School, Patna (CBSE)** 2018
Matriculation
68.8%
- Thakur Pasand Singh College, Patna (BSEB)** 2018-2020
Intermediate
71%
- Government Engineering College jamui (BEU)** 2020-2024
Electrical Engineering (B.tech)
7.9 CGPA

- **Sai Institute Of Technical & Professional Courses ITI (NCVT)**
Industrial Training Institute (Electrician)
78%

Skills

- Knowledge about Transformer Upto 315 MVA
- Knowledge about Inspection of power Transformer up to 315 MVA,400 KV class
- Microsoft office Excel, words and other computer knowledge.
- Basic knowledge about AutoCAD.
- Marketing knowledge
- Technical Skills, Analytical Skills, Management, Communication Skills, Leadership Skills
- Problem-Solving Skills, Technical knowledge, Project Management

Projects

- **Home Appliances Control by Using RF Remote**
- **Library Science Management**

Achievements & Awards

- Complete Master Data Management for Beginners from TCS ion.
- Completed course on CCNA and get qualified certificate from TGM Infotech.
- Got 1st position in National Science Day for science Project.
- Done training in C++ form IIT Kanpur and make a Project on Library Science.
- Planning and management - aarambh 2.0 (2023) Annual technical Fest in GEC jamui event planning and management .
- Founding member - dream- epic club, GEC Jamui .

Activities

- Reading Nobel
- Playing badminton
- Song's
- Painting
- Social works
