## PROFILE INFO

I want to secure a responsible career opportunity to fully utilize my training and skills, while making a significant contribution to the success of the company with hard-work in a high-level professional environment. I have experience from my apprentice in Electrical department from Delhi Transco limited ( Sub Station 220KV HCML) New Delhi.

## EXPERIENCE

**PURVANCHAL VIDYUT NIGAM LIMITED , TRAINING**

4weeks

- power distribution company in Uttar Pradesh, India. Its main tasks include distributing electricity to various consumers, managing meters and billing, providing customer service, maintaining distribution infrastructure, reducing losses, processing new connection requests, load management, adhering to regulations, and implementing government schemes.

**APPRENTICE IN DELHI TRANSCO LIMITED, NEW DELHI**

2023-2024

- Supported the installation, maintenance, and repair of power grid infrastructure, including transformers, circuit breakers, and substations. Assisted in the monitoring and testing of electrical systems to ensure reliable power distribution. Conducted routine inspections and diagnostic testing of power grid equipment to identify and resolve issues. Gained hands-on experience with high-voltage systems and protective relays under the guidance of senior technicians.
